Married to John Stout.

Still living in Michigan and working for Michigan State University Extension coordinating a program for relatives raising relative children. Have been doing this since 2001 on a part-time basis. Worked for the American Red Cross for 13 years prior to this position.

My husband John died two years ago on May 19 which is why I feel rather spacey during this time frame. He was diagnosed with cancer in December 2005 so was ill for 1 1/2 years prior to his death.

Two daughters, both married. One lives in Philadelphia with her husband Phil and dog Otis. My younger daughter lives in the Detroit area with her husband Dave and 4 grandchildren ages 13, 10, 7 and 3.

I also do some volunteering including the local Hospice, church and taking glass classes at our Art Institute.

At this point, don't think I'll make it to the reunion but will be thinking of everyone and will look forward to seeing the book with everyone in it.
