

# Marlin Fried

619 W Straford Dr  
Chandler, AZ  
480.820.6126  
mfried5751@cox.net

Married in Tempe, AZ to Beverly Schleigh on January 18, 1991

#### Family:

- Son - Mark
- Daughter - Lori, one daughter and two sons
- Daughter - Valerie, two daughters and two sons
- Son - Brian, one daughter and two sons

After spending a couple of years at Gustavus I graduated from the University of Minnesota with a Bachelor's Degree in Geophysics. Not wanting to work for an oil company in west Texas I joined the Peace Corps, teaching math, physics, and chemistry for two years in Kenya, East Africa. It was a very memorable experience.

After returning home in 1967 I began working at UFE in Dresser, Wisconsin. I continued working for UFE in various jobs in River Falls and Stillwater until 1986. "Opportunity" then led me to a similar company and position in the Phoenix area. For most of the time I worked in quality, manufacturing, or project engineering, retiring in 2003.

Shortly after moving to Arizona I met my wonderful wife Beverly at a Halloween party. We enjoy family gatherings, hiking and exploring in the Southwest, volunteering for the Mental Health Guild and for our church, and participating in a lifelong learning program at a nearby community college. My passions are environmental issues and politics.

Life is good!
